

ABOUT US

KNP Electrics & Air are a Perth electrical and air conditioning contractor that strive to provide the highest quality work in both residential and commercial areas.

With a team of qualified technicians behind us, we pride ourselves on our reputation as providers of reliable and efficient electrical services, with the highest quality workmanship apparent in every job we undertake. We only work with top quality materials and fixtures at fair and market-competitive prices.

Whether you're looking for electrical work for your home renovation or the installation of external lighting for an office building, we can do it all and will ensure your project runs on-time, smoothly and safely.

We also know that electrical issues can happen at any hour. By providing convenient 24/7 support, our team of dedicated emergency electricians can repair your electrical issues promptly to mitigate any hazards.

A MESSAGE FROM OUR FOUNDER

Hi, I'm Karl Parker.

With over 15 years' experience in both residential and commercial electrical industries, I established KNP Electrics & Air in 2011. Since then, the company has grown to develop a reputation as an electrical company known for its professionalism and quality workmanship.

Our aim is to build a strong, personal relationship with you, allowing you to rely on our team for all your electrical needs, no matter how big or small the project may be.

Take a look through our information pack and get to know a bit more about us.

WHY SHOULD YOU CHOOSE US?

We're on time, every time

We turn up when we say we will and get the job done right the first time. And if we have to come back for any reason, we'll come back with a bottle of wine.

We're experts

Having been in the industry since 2001, our experience puts us ahead of the pack, allowing us to always give you practical and usable solutions that fit your budget.

We're professional

For your peace of mind, we make sure that our friendly and reliable staff are thoroughly background checked and carry Working with Children Certification.

We have many satisfied customers

Having doubts? Read our testimonials to see what our genuine customers have had to say.

We make the process simple

Clear communication, easy to understand terminology and fast solutions are standard at KNP Electrics & Air.

OUR 7 POINT SATISFACTION GUARANTEE

2-Year Workmanship Guarantee:

We're so confident about the skills of our electrical team that we'll offer you a 2-year guarantee on all work they complete.

Quality Materials Guarantee:

We only use the highest quality materials and resources that are suitable for your project – guaranteed. We honour all specified warranties on the materials we supply.

If the product fails during this period, we'll come back and fix it for free.

Your Communication Guarantee:

Having ongoing communication and a great relationship with you is important to us. That's why we make sure that you're involved and kept up to date throughout all stages of your project.

Clean & Tidy Guarantee:

No one likes being left with a mess. Once we've finished the job, you'll find your section as clean and tidy as it was before: and if it's not, we'll send a cleaner around for you.

Quick Response Guarantee:

You call, we answer. With 24/7 availability, we guarantee fast replies and will prioritise your work when needed.

Your Invoices & Quotes Guarantee:

We'll deliver all of your invoices and quotes as quick as we can to help you keep on target and avoid any unnecessary delays.

Costing Changes Guarantee:

We know that sometimes, things change, and you may need to alter the scope of work. Whether these developments result in savings or additional costs, we'll make sure you're kept updated at every step of the way.

TESTIMONIALS

"DS Grinding constantly relies on Karl from KNP Electrics & Air to deliver quality service on time and on budget. Specialising in polished and honed concrete means that when we are designing our work and it involves electrical work, such as in concrete uplighting under slab electrical runs, we require extra power points or lighting to areas within our design. We work directly with Karl from design stage right through to completion. We highly recommend KNP Electrics & Air to anyone wanting cost effective quality work."

Darren Wright

Director - DS Grinding

"KNP Electrics & Air have provided the electrical and lighting work for all of our major projects. Having a keen eye for detail and a vision of decorative and specialised lighting gives KNP Electrics & Air an edge over other electrical companies I have dealt with in the past. KNP Electrics & Air have not only been a pleasure to work with but always provide a work of art, giving our landscape packages that extra "wow" factor that never fails to exceed our client's expectations."

Josh Urwin

Director - Inex Pro

"Espin Capital has used KNP Electrics & Air for all of our electrical and air conditioning works over the last 3 years. Karl and his team are always willing to accommodate us to make sure deadlines are met. The KNP Electrics & Air team have never let us down and are always happy to offer constructive, practical and innovative advice that saves money and time. Karl is extremely professional, and his level of honesty and integrity are not easily found in the building and construction industry. Karl is our only recommendation when it comes to electrical or air conditioning work as he always delivers on time and at competitive prices. Espin Capital is excited to carry on this working relationship for a long time to come."

Lloyd Herold
